### Brief description

This expansive plot of land in Benissa, located on the Costa Blanca in Alicante, offers a rare opportunity to build a home with sweeping panoramic views of both the countryside and the sea. Spanning 10,000 square meters, the parcel provides ample space to design a property that takes full advantage of its natural surroundings and orientation.

The plot includes a terrace area, ideal for outdoor living spaces that can capture the scenic vistas and Mediterranean light. Its position ensures privacy and tranquility while remaining accessible via main roads, facilitating convenient connections to nearby amenities.
