This substantial plot of land in Pinoso, located within the Costa Blanca region of Alicante, offers a rare opportunity for those seeking a large parcel with building potential. Spanning 100,000 square meters, the plot provides ample space for a variety of development options subject to local regulations.

The land benefits from existing irrigation water rights, covering six actions of irrigation, which supports agricultural use or landscaping possibilities. Its proximity to the town of Pinoso ensures convenient access to everyday amenities and services, making it practical for future residential or mixed-use projects.
